## **U.S. Senator Tammy Baldwin Endorses Angie Craig for Senate**

*Baldwin was one of four Democratic U.S. Senators who won a state also won by the President in 2024 and was the first openly gay member of the U.S. Senate*

**Minneapolis, MN** – Today, United States Senator Tammy Baldwin endorsed Angie Craig in her campaign for U.S. Senate. Baldwin is one of the Senate’s most effective members and is one of the strongest fighters for working families in the country.

*“Angie understands that public service is about working and fighting on behalf of working families. Whether it’s fighting for affordable health care, defending reproductive rights or standing up to big corporations, Angie has consistently shown the courage to lead and deliver real progress,” said Baldwin. “In the Senate, we need partners who will not only champion bold ideas but also will go everywhere and talk to everyone. As the top Democrat on the Ag Committee in the House, she’s shown that she can work with Democrats and Republicans and has the experience, the values and the vision to help us move our country forward. I look forward to working alongside her in the U.S. Senate.”*
