Russia Seizes A Prized City

From Ukraine Eastern Province Now in Moscow's Hands

Ukraine in the heavily contested eastern province of Luhansk has fallen, military officials on both sides said Sunday, giving Moscow a milestone victory in its cam-paign to capture the Denbas, the mineral-rich region bordering Russia that has long been in Presi-

undeniable, pressure redoubled on the United States and its allies will prove to be a test not just of

pain, and unity among the allies Russia now faces new chalenges of its own. It controls more than a fifth of Ukraine - much of it cities in name only, skeletal remenths of shelling — but it will need to replenish depleted forces and ammunition as it wages what ines to be a fierce, drawn-out

round war. On Sunday, Ukraine's presi
