### **Resolution**

Calling on Congresswoman Liz Cheney to resign her position as Chair of the Republican Conference.

---

Whereas, Congresswoman Cheney's condemnation of President Trump and her support for President Trump's impeachment have been used multiple times by Democrats as justification for a truncated impeachment process that denies the President due process;

Whereas, Congresswoman Cheney's personal position on issues does not reflect that of the majority of the Republican Conference and has brought the Conference into disrepute and produced discord;

Now, therefore, be it

Resolved, that the Republican Conference calls upon Congresswoman Cheney to immediately resign her position as Chair of the Republican Conference.
