

“James Madison designed our Federal Government to find consensus when governing, which is why our best ideas come from consensus building and listening to others. For years, partisanship has kept a chokehold on Congress, preventing it from working on the most crucial issues Americans face. I am eager to continue my work with the Problem Solvers Caucus for more effective representation in the 118th Congress,” **said Congressman Don Bacon (NE-02).**

“The Problem Solvers Caucus shares my commitment to working on a bipartisan basis to address the challenges that everyday Americans are facing. I’m proud to join the leadership team of the Caucus and will continue to work with colleagues on both sides of the aisle for the best possible solutions to our nation’s most pressing problems,” **said Congressman Jared Golden. (ME-02)**
